RED FLAG RULE Training at your Location 2010

Is your facility in compliance with the Federal Trade Commission's RED FLAG RULE? Federal Register 63718, 16 CFR Part 681

Requirements of the Red Flag Rules: Any healthcare facility that does not collect the full amount at the time service is rendered qualifies under the Red Flag Rule. The Red Flag Rule require a "creditor" to develop and implement a written identity theft prevention program that is designed to detect, prevent and mitigate identify theft. Critical Concepts Red Flag Rule training program is designed specifically for the compliance of the healthcare facility. Our consultants will come on-site to develop and implement a written identity theft prevention program customized to your facility based on the size, complexity and the nature and scope of its activities. Your employees will be trained on identify relevant red flags, and respond appropriately to any red flags detected.

The on-site training cost is \$375.00 per office if done alone or \$275.00 per office if combined with any other of our many programs such as OSHA, HIPAA, CPR, ACLS, or PALS. Each training program will include: RED FLAG manual, Policy & Procedures, Sample Forms, Total Compliance!!!

OSHA Training at your Location 2010..ASK TO ADD RED FLAG RULE COURSE

Are you concerned about meeting Annual Mandatory OSHA, State and Local Compliance & Training Requirements for Your Healthcare Facility?

In approximately 1-1/2 hours we will implement all programs and bring your facility into compliance.

Having Documentation of Training & Manuals older than 365 calendar days is not current and falls out of compliance with the Following Excerpt from Federal Law: "Training must take place annually thereafter. 1910. 1030 (g)(2)(iii)" & from State Law FAC 64B-16.003. Expired or Incomplete compliance documentation will not mitigate Federal fines, sanctions and penalties for non-compliance.

These Healthcare Laws Mandate Annual Training, Annual Program Updates, Annual Plan Reviews regarding Bloodborne Pathogens, Hazard Communication and Biomedical Waste Plan., Needle-Stick Injury Plans, and many more. Should your practice have one complaint, needle-stick, injury or occupational exposure and you can not show Annual (<365 days old) Compliance Documentation of specific training and that all the Below Requirements are complete— Serious Federal Fines, Sanctions, and Legal Exposure can occur.

What is Provided? We provide all of the below Services and an Updated OSHA Policy and Procedure Manual. Upon completion, you will receive a confidential compliance report, our corrective meas-

HIPAA Training at your Location...2010 ASK TO ADD RED FLAG RULE Course

Recently Released: June 9... Additional HIPAA Security Guidance from the US Government Agency (CMS) regarding Security Evaluation & Training.

"13,000 Federal HIPAA Violation Complaints" as of June 9 (CMS 6.9.05) /"2,400 in May"! (USA Today/Cover).

A Division under Health and Human Services (DCF), states "All employees and volunteers will be annually trained in HIPAA requirements. Not having your staff properly trained as per policy and procedures (<1 year) and current laws may result in fines, complaints and legal exposure.

Be Informed When Patients ask HIPAA Questions!!! What is the Security Standard? How do I conduct Security Training and Evaluations? How do I write a policy? Did a new requirement pass by? What did it require? Can you leave messages on voice mails? What kind? How long do you have to copy patients records? And if they are off-site? Can you charge? How Much? How often? What training is required? Regarding what? What training records should I keep? Shred? What does HIPAA stand for? What is really the Law? Workman's Comp?
